

YOUR CLIENT, YOUR CASE, AND YOUR RECORD ARE TOO IMPORTANT

The Hidden Dangers in Hiring a Digital/Electronic Reporter

- ✓ The integrity and accuracy of the transcript **completely depends on the audio quality.**
- ✓ **No standardized formats** for digital reporters.
- ✓ Audio files are generally outsourced to one or more transcribers, some located outside the United States, who work with limited oversight or accountability. There is also a lack of security, which **jeopardizes your client's sensitive information.**
- ✓ **Not supported or condoned by the National Court Reporters Association.**

The Security of Hiring A Qualified Stenographic Court Reporter

- ✓ Stenographers undergo **specialized training** and **complete courses** in court and deposition procedures, as well as English, legal, and medical terminology.
- ✓ Stenographers make a **live record** of the proceeding **from start to finish.**
- ✓ Stenographers achieve **advanced certifications** and **complete continuing education** to keep current with the latest technology and industry standards.
- ✓ Stenographers can offer **speech-to-text realtime translation**, the most advanced technology to provide readable text immediately.
- ✓ Stenographers can provide **instantaneous readbacks, rough drafts, expedited, and/or same-day certified transcripts.**

**YOUR NOTICE OF DEPOSITION SHOULD INDICATE TESTIMONY
WILL BE TAKEN BY A STENOGRAPHIC COURT REPORTER.**
